Comments received by email on July 17, 2012 from Wade Smith, Virginia Department of Environmental Quality.

VDEQ Comment 1: Embedded comment on Worksheet #3: Replace with Susanne Haug, EPA RPM, throughout document as appropriate

Response: The UFP-SAP was revised to reference Sue Haug (as opposed to John Burchette) as the EPA RPM where applicable.

VDEQ Comments 2, 4, 5, 6, and 8 through 11: Editorial changes.

Response: Editorial and/or text updates have been incorporated into the UFP-SAP.

VDEQ Comment 3 and 7: It would be nice to have additional scoping session details to include: Comments/Decisions, Action Items, and Consensus Decisions, as in the Draft SAP for Penniman Lake.

Response: As recommended by the DEQ, Worksheets #9a and #9b were updated to include Comments/Decisions, Action Items, and Consensus Decision sections.
